From the initial contact to the completion of the job our connection with College Works has been a very pleasant experience.

August 15, 2006

To Whom It May Concern:

From the initial contact to the completion of the job our connection with College Works has been a very pleasant experience.

Alan and Blake were professional and thorough in their presentation, both very personable and knowledgeable.

I also appreciated the manner in which there was communication each day and that any concerns were addressed. When asking for a change in color trim Blake did not hesitate to accommodate the request.

The painters, Georgi and Assem are a real asset to College Works. We were fortunate to have such special young men as the crew. They cannot be praised enough for the fine job they performed. They were friendly and well mannered and always checked before proceeding if there was a question and always with a smile! The house looks beautiful....Georgi and Assem truly did a fantastic job.....very professional.

The entire crew really went the extra mile to be sure all was satisfactory. All in all we couldn't be more pleased and highly recommend College Works
