Dear Paul,

WOW what a difference the right paint job can make!! We would like to sincerely "Thank You" for a job well done. We have received tremendous amount of compliments. You and your crew have managed to turn a 'cookie cutter' home into a "Tuscan Villa".

You were very informative from day one. From spelling out the complete costs, to helping us select the right paint colors, to going over step by step the painting process. Your crew was outstanding! They always arrived on time and were quick and efficient. Bob and I were both surprised just how quickly you and your crew were able to paint our entire house!

Again, Kudos! Bob and I feel like our house has truly become our home and you were a part of this process. We thank you and our house thanks you (smile).

Sincerely,

Janice Williams

Robert Williams
