We are very pleased with our newly painted house. When Chris Hamel first thoroughly explained everything to us, we said we needed to think about it. We know that it needed to be done but we had a house payment due and real estate taxes due. Jene hated to pay someone to do something he could do but since his knee replacement he can no longer climb tall ladders, so when Chris came back we said yes!

We found Chris to be very organized, always on time for appointments and very professional when meeting with us. He was very thorough in explaining the daily work to his 2 employees Vince and Bill who were good, steady workers. The prep work was efficiently done and the painting carefully applied. They arrived at 7:00 and one night even stayed until 9:00!

We have had a lot of neighbor look at our house and seem to be pleasantly surprised at the quality of the work. We strongly will recommend Chris and his crew.
