This is the second time we had our house painted by College Works Painting in the 17 years we have lived in Park City, UT. Jean and I had the pleasure of contracting the recent painting of our house once again through College Works Painting managed by Ryan Bettilyon (8010 842-6088). Yes, we say "pleasure" because Ryan acted in the most professional manner, starting with a pre-estimate conference and ending with a final walk-around to make sure we were completely satisfied with the work that was done.

RE: College Works Painting

To Whom It May Concern:

This is the second time we had our house painted by College Works Painting in the 17 years we have lived in Park City, UT. Jean and I had the pleasure of contracting the recent painting of our house once again through College Works Painting managed by Ryan Bettilyon (8010 842-6088). Yes, we say "pleasure" because Ryan acted in the most professional manner, starting with a pre-estimate conference and ending with a final walk-around to make sure we were completely satisfied with the work that was done.

Ryan utilized a business plan and followed through with each item that was explained during the pre-estimate. He managed the painters in a professional way, acting as the go between when there were questions on the expected outcome.

We believe the job was well done, within budget and on schedule; this being a tribute to Ryan's management of the project.

We would recommend College Works Painting to anyone who needs their house painted and you would be getting a plus if Ryan manages it.

Sincerely,

Fred Fox
