Mr. Joe Young, Supervisor
College Works Painters
1682 Langley Ave.
Irvine, CA 92614

June 13, 2007

To Whom It May Concern:

College Works under the supervision of Joe Young painted all the eaves and soffits of house and studio, the back walls of the studio, laundry room and garage, the wooden window frames on the south side of the house, the gable eave face boards, the side shingles of three dormers and the front door.

It was very easy to set this job up. Joe Explained how the company worked and How they use Sherwin Williams primer and house paint of the best quality. I picked the colors and made a down payment and the first week of June they arrived to start prepping the job.

By June 13, the job was finished and I am very pleased with the result..

Throughout this job Joe Young was constantly on hand, directing the work and checking with me on various decisions. The crew were hard workers and were neat on the job site as well as friendly.

I can and will recommend College Works for other home owners to use.

Sincerely yours.

Christopher Ray
