Dear Prospective Customers,

We are writing in regards to the services provided by College Works Painting. Our experience has been both positive and productive. From the initial meeting setting up a time to do an estimate to the final walk through, we found the team to be timely, cooperative, and enthusiastic about their performance. They showed concern through out the process for our family, pets, and landscaping and took measures to insure everyone's comfort, safety, and protection. We were given adequate time to make decisions regarding paint color and application, as well as scheduling and payment. We were impressed with the dedication and work ethic of the student painters and are pleased with the final product.

Sincerely,

Michael J. & Kimberly A. Floyd
