Dear College Works Painting,

I just wanted to write and thank you for the terrific job that Sean Brooks and his crew did on the exterior of our house. We have been very pleased with the whole process from beginning to end. We appreciated your promptness in showing up for the estimate, and their knowledge of what would be needed to do the job right. The estimate was very reasonable, and you worked with us to schedule the painting at a convenient time for us.

For the actual painting work, the guys were simply excellent. They arrived according to schedule, stayed on the job until it was done (even working on a Sunday and Memorial Day), and cleaned up each evening. They gave us a beautiful, detailed paint job on our house. They were helpful and professional, and they checked in to make sure that we were satisfied with the work.

We would recommend Sean Brooks and College Works Painting to our friends and family!

Regards,

Doug Blount
