Re: Contract with College Works Painting

Patrick Donnelly, Branch Manager of College Works Painting,  
just finished painting our house. The crew was experienced and  
well organized in house painting. They power washed the entire  
house, waited a few days for the siding to dry, then the two-man  
crew, students at Oregon State University, did an outstanding  
job of painting the house and cleaning the windows and other  
areas that needed to be cleaned.

I recommend this manager and crew to anyone who needs their  
house painted.
