Troy, MI 48098

I was so satisfied with the way that my deck turned out after having contracted with College Works Painting and I would highly recommend Stacey and her painter Shaun to anyone who needs their deck power washed or stained. They were very professional from initial contact, to Stacey's estimate and help with deciding what really needed to be done with my home and deck, all the way through with the finished product.

To Whom It May Concern:

I was so satisfied with the way that my deck turned out after having contracted with College Works Painting and I would highly recommend Stacey and her painter Shaun to anyone who needs their deck power washed or stained. They were very professional from initial contact, to Stacey's estimate and help with deciding what really needed to be done with my home and deck, all the way through with the finished product. They used special cleaners while power washing to try and remove as much of my old stain as possible and then applied the new stain with a sprayer, rollers and brushes. Thanks for a job well done.

Sincerely,

Sandra Glover
