In May of 2006 I had the great pleasure of meeting Amy Heichel who gave me a free estimate to paint my home. I was not interested in the work at this time, however maybe soon, as the price was very reasonable.

Collegeworks Painting
1682 Langley Avenue
Irvine, CA 92614

California Headquarters UCR extension,

In May of 2006 I had the great pleasure of meeting Amy Heichel who gave me a free estimate to paint my home. I was not interested in the work at this time, however maybe soon, as the price was very reasonable. Amy's professional persistent paid off and I agreed to have them paint my home in July.

From May to July, Amy kept in contain with me, provided me with samples, and test patches. The paint I choose did not match with the one currently on my home so she took a sample to get matched. The color was exact. On the prep days Amy and her crew showed up on time and left no mess. Same with the day of painting.

The painters worked all day thanks to the summer weather and completed my entire home on short notice. They where very professional and the result are spectacular. My home looks new.

Thank Amy & painters
And thank you Collegeworks

I apologize in the delay getting you this letter
