College Works painted our home recently. Adrian Trumbo supervised Doug McKenzie and Jeff Trench, his painting team, in fully taping off fixtures, covering windows, and protecting shrubs in preparation for their work. They took great care in using drop cloths and additional barriers for a more efficient clean up.

We chose the offered five year guarantee which involved the application of a full coat of primer and the spraying and back rolling of the main house color, plus trim painting. This included a walk around with Adrian and touch-ups as needed. Our total house painting took two and part of a third day.

We found these young men to be cordial, hard working and responsible.

Sincerely,
