I want to say what a fine job that Paul Yu and Connor Rice did on painting the trim and the windows on our home. I know it is a very demanding work and the days they were here were very humid. They worked very hard and did some fine work.

Dear Sir/Madam:

I want to say what a fine job that Paul Yu and Connor Rice did on painting the trim and the windows on our home. I know it is a very demanding work and the days they were here were very humid. They worked very hard and did some fine work.

I would also like to say that Farhan Asharf did an excellent job as the salesman and supervisor in keeping us up to date when the crew was going to show up and if we had any questions he was always very helpful. He was always willing to work with us on any situation or questions that came up.

Yours truly,

Gerard & Sally Hines
