It is my pleasure to recommend Jesus Pulido-Avila and College Works Painting. From the time Jesus came to my home and made his initial presentation until he finished the job, I found him to be forthright, honest and diligent.

To whom it may concern:

It is my pleasure to recommend Jesus Pulido-Avila and College Works Painting. From the time Jesus came to my home and made his initial presentation until he finished the job, I found him to be forthright, honest and diligent.

Jesus was in communication with me before, during and after painting my home .He easily worked around my scheduling problems regarding a new roof installation and followed through on everything he told me he would do. My home is beautiful and the quality of the work, both materials and labor, is excellent.

Jesus had some initial staffing problems, but he has since overcome that and continues to stay on schedule and fulfill his promises .He sincerely cares about the quality of his work product and works hard to achieve that quality I found his desire to ensure customer satisfaction refreshing.

Overall, I would recommend Jesus to manage and supervises a team in any business setting.

Sincerely,

Robin Hanks
