

College Works Painting Reference Letter  
Susan and Frank Rasor  
15C Pinewood Pl  
Trance, NJ 07006

We engaged College Works to paint our house in August 2008. They did a very thorough preparation beginning with a spray to kill mildew and mold, a careful power washing, and followed with extensive scraping and sanding before priming. Our house required an extra amount of preparation because it had not been painted in a long time. Brian and crew exceeded our expectations and did a quick but professional job. They arrived when expected, worked long days, and reviewed the progress with us daily. We are very impressed with Brian and College Works and are extremely pleased with the results.
