Enclose is final payment for painting of my home, address listed above. I greatly appreciate your patience in waiting for the remainder of the payment as I have been on disability leave from work due to medical needs.

College Works Painting:

Enclose is final payment for painting of my home, address listed above. I greatly appreciate your patience in waiting for the remainder of the payment as I have been on disability leave from work due to medical needs. I am very pleased with the outcome of the project and my home continues to receive compliments on its appearance. It is necessary to note that the project manager for this paint job, Justin Kurp of Carnegie Mellon University, was a productive, focused, professional, and courteous representative of your company; I was very impressed by him. I would strongly recommend him and your business to any interested friends or contacts in the future.

Best Regards,

Darlene Pruszynski
