Re: Michael Rizarri, Branch Operator

Dear College Works Painting Management:

We would like to take this opportunity to commend Michael Rizarri for the successful completion of our property at 95 Menlo Ave. Daly City, CA.

Prior to selecting College Works Painting, my wife and I really considered all options and evaluated your system based on Michael's selling of your company. Let me tell you something. His professionalism and knowledge of the company's products and services truly makes him a valuable asset for your organization. I understand that your company does all the training. However, Michael took your training to another level and made it his own. One of the key ingredients to this whole process is the people that Michael hires.

We were very fortunate to get the two-man crew that Michael assigned to us in the names of Daniel Street and Alex Van Allen. Without these two, this job could have been more difficult and challenging. These two have very strong work ethics and they made certain that the work performed was second to none. Their diligence, patience and focus were major contributing factors in the success of this project.

We could not be happier with the outcome. It is so funny to watch and see neighbors practically come to a stop so they can take a look at the transformation. The color combination we selected is a winner. I would not be surprised if Michael lands multiple requests for estimates and/or contracts, We have all the confidence and trust in him and have no hesitations in recommending him to others in the future.

From very happy homeowners,

Gerry & Doree Jacinto
