College works did some work for me in May. I had my siding and 2 decks pressure washed, my front deck and railing of the back deck sealed, and the floor of the back deck painted. David, Rob, and Leo were all very pleasant and knowledgeable in what they were doing.

To whom it may concern,

College works did some work for me in May. I had my siding and 2 decks pressure washed, my front deck and railing of the back deck sealed, and the floor of the back deck painted. David, Rob, and Leo were all very pleasant and knowledgeable in what they were doing. All of the work was done in a timely manner with David checking with me periodically to see if things were done as I wished. I am very happy with the job they did and would not hesitate to recommend them to someone else.

Sincerely,
