I have lived in my home for almost 40 years. In that time, many "experts" have come and gone, all perceiving to do a great job in an around my home. Some did, some did not!

College Works Painting is at the very top of my "great job" test! Matt Muoman, project manager, was an absolute treasure. He was professional, from, respect, ethical, and would as hard as any professional twice their age.

Matt's assistants, Carob and Sean, worked tirelessly and were cheerful, friendly & helpful.

I have my home, and now it \_\_\_\_\_ even more pride. It looks great!!

Congrats to you as a company for finding such "spectacular" company crew!

Sincerely,
