

College Works Painting Reference Letter
Shannon Gaul

During this past week we had our house painted by College Works. Ian, Tyler and Alex worked together to complete the job of painting our entire house yellow and painting all the trim, as well as, the front and back door blue as we requested.

June 24, 2005

To Whom It May Concern:

During this past week we had our house painted by College Works. Ian, Tyler and Alex worked together to complete the job of painting our entire house yellow and painting all the trim, as well as, the front and back door blue as we requested.

This work crew was always very courteous and professional in their attitudes, in arriving on time and staying late to get the job done, and in communicating with us each day what work was to be completed. They were always able to answer all of our questions. They were also careful with our property and belongings.

With the final walk through we were very impressed and with the few spots we requested to be touched up, those were completed on the spot. The college works crew Ian, Tyler and Alex and Crew Chief Jeremy Gilstrap did an outstanding job painting our house and I would highly recommend them to anyone who wants a quality job performed, not only with the end result, but with the professionalism during the entire process.

Sincerely,

Shannon Gaul
