To Whom It May Concern:

We are writing this letter of recommendation for College Works Painting. Last March, Stacy Hager contacted us via .phone and set up a face to face meeting to discuss our project. She was professional, competent and confident that her crew could do the job. Though the competition was fierce, we decided to contract with Stacy and College Works. We are very happy we did.

Stacy, Dan, and Pedro worked very hard to complete our home. They were always on time and they were busy and efficient. They were motivated to get the job done. Stacy even came to our home early on a Friday morning to complete the job. We loved their commitment, work ethic, great attitudes, pleasant personalities, and a willingness to complete the job in a quality manner. We also appreciated the time that Stacy took to walk around the project everyday to give us an update and a time frame for completion.

It is with great pleasure that we recommend College Works and Stacy Hager for any exterior work on your home. They are a class act.

If you want more information, feel free to contact us at the address/phone number above.

Sincerely,

Dan and Mary Jo Hickey
