I think the house looks great. I think it came out very well and the painters did a good job.

June 5, 2006

Dear Matt,

I think the house looks great. I think it came out very well and the painters did a good job. They were very polite and worked consistently until the job was done in less than four days. Although I have a small house, there is lots of trim and because I had a contrasting trim color, neatness was very important. When I pointed out spots that were missed, they fixed them. Overall, the job came out looking very good and I am pleased.

Sincerely,  
Rachel Hazlewood
