Re: College Works Painting

To Whom It May Concern:

First, I would like to compliment Laura Anthony on her approach to selling her product. She addressed my immediate request to paint my doors and shutters. Once that was taken care of she suggested that I have my house power washed. At that time I was not interested in the power wash. She did not pressure me to make a commitment at that time. She left it with me. A few weeks later Laura called me to give me a status report on the paint job. It was at that time I decided to have my house power washed. Since she had already given me a quote it was very easy to add this service.

Second, I would like to offer my appreciation for the wonderful job that Laura and her crew did in carrying out the services for which I contracted. The work was done on time and was very well done. Work area was kept neat and tidy.

I am so pleased with the work that I had done I am already recommending it to my fiends. If needed, I would be happy to be use as a reference for your service.
