I hired College Works Painting to paint my home in Bel Air Maryland, Laura Anthony a student at the university of Maryland – College Park was the lead person on the job. Laura made the initial contact with me, estimated the job, explained the work that was to be performed and set out the time schedules as to when I would be done.

Laura and Edwin arrived early in the morning on the day the work was to start – prepared for work with first rate paint, ladders and brushes. They diligently set about their task which took 2 full days to complete.

At the end of the first day they took care to clean up and put away all their equipment so it was ready to be used when they arrived early in the morning on the second day. Laura explained how much was done and what work remained for the next day.

The job they did was excellent and the cleanup first rate. More important even than that was their professionalism and friendliness which made it a pleasure to have them at our home working on the job.

I would be gladly recommend them and College Works Painting to anyone else who needed painting services.

Best regards
