To whom It May Concern,

It is our pleasure to write a letter of recommendation for Brad and College Works.

Brad and his crew were completely professional in all of their interactions with us. Making sure we understood each step of the process and were comfortable with all aspects of the job. They paid a lot of attention to detail and took great pride in executing the job to our satisfaction.

Prior to painting, they prepared the house very carefully, and always cleaned up well at the end of each day. They were timely and dependable, and completed the job faster and with less disruption than we expected.

We are very pleased with the results, our house looks clean and neat, and we've had favorable comments from the neighbors. Our experience with College Works was a very positive one, and we would wholeheartedly recommend Brad for other jobs.

Sincerely,

Kevin Higgins and Leslie Peterson
