

College Works Painting Reference Letter
Paul & Jonna & Scooter Collith

We have been always familiar with the college organizations creating a painting fussiness; but what we didn't realize is how competent, professional and hardworking they actually are.

To: College Works Painting,

We have been always familiar with the college organizations creating a painting fussiness; but what we didn't realize is how competent, professional and hardworking they actually are.

We are very impressed by what it takes to keep the customer abreast of the pre-process and Lauren O'Toole did/does on amazing job of working with the customer and having it go smoothly.

We are very pleased with the final product and I would definitely recommend these fine young people.

Thank you so-much, Lauren for stopping at our door in the middle of winter. We loved getting to know you.

Sincerely
