Stacy Cooper
College Works Painting
1682 Langley Ave.
Irvine, CA 92614

Dear Stacy Cooper,

During late June and early July 2006 we had pleasure of hiring you and your crew to paint our house in Golden, CO. We have been very happy with this process from first meeting with you through completion of the job. Your crew always showed up on time and ready to work. We felt they demonstrated interest in providing both a quality job and in giving us information regarding issues they found with the house while painting. Our house is three stories at the back, and there are many parts of the exterior that we don't see close up very often so their willingness to share information has been appreciated.

Thank you for a job well done. We wish you the best in your studies as you return to finish up your college work.

Sincerely,

Dean and Robin Willis
