On May 17,2007 I contracted with college works painting co. via Chris Lehr to paint my house. as promised the work began on June 5<sup>th</sup>.

June 8,2007

To Whom It May Concern:

On May 17,2007 I contracted with college works painting co. via Chris Lehr to paint my house. as promised the work began on June 5<sup>th</sup>.

My house was completely cleaned, caulked and painted.

I had two specific concerns not to spray any paint on my black window frames and to clean and paint my concret foundation. Both were done to perfection.

My porch furniture and plants were considered with care

The there young men doing the actual work were clean, respectful, and weren't occupied by load "boom-boy" music. My neighbors most appreciated this.

All in all & give this company, and their representatives my highest praise.

To Whom it May Concern:

On May 17, 2007 I contracted with College Works Painting Co. via Chris Heke to paint my house. As promised the work began on June 5<sup>th</sup>.

My house was completely cleaned, caulked and painted.

I had two specific concerns: Not to spray any paint on my black window frames and to clean and paint my concrete foundation. Both were done to perfection.

My porch furniture and plants were considered with care.

The three young men doing the actual work were clean, respectful, and weren't accompanied by loud "boom-boom" music. My neighbors most appreciated this.

All in all I give this company, and their representatives my highest praise.
