

College Works Painting Reference Letter
Rich & Michele Goaslind

We have recently had our home painted by College Works. We could not be more thrilled with the results. From the time of getting our quote, to completion, everyone was very professional and friendly. We knew exactly what was included in our quote and everyday during the project we took a complete walk around the home to check the work and ask any questions.

To whom It May Concern,

We have recently had our home painted by College Works. We could not be more thrilled with the results. From the time of getting our quote, to completion, everyone was very professional and friendly. We knew exactly what was included in our quote and everyday during the project we took a complete walk around the home to check the work and ask any questions.

Chris, Jake and Garrett have been a delight to with. I felt I could trust them completely, even if I had to leave my home. They were friendly with me and my husband, and especially with our children. They all do a very thorough job and take extra care around the yard and existing structures.

I would recommend College Works to anyone! They arrive when they say they will and completely clean up after every days work. Their work is impeccable! They even finished our home a day earlier than planned. Our home looks better than I even thought it would. Thank Your College Works!!

Sincerely,

Rich & Michele Goaslind
