

College Works Painting Reference Letter  
Pete Camarda

I wanted to thank you for doing a great job on the painting of my home. I don't usually hire contractors to work on my home, I do most of my own maintenance but after seeing what good work you did for my Mom I thought I would get a quote from you.

College Works Painting

Taylor Hathaway,

I wanted to thank you for doing a great job on the painting of my home. I don't usually hire contractors to work on my home, I do most of my own maintenance but after seeing what good work you did for my Mom I thought I would get a quote from you. I found your price to be reasonable and you had it completed in a timely manner. Although there were a few small details I thought needed to be corrected you were more than willing to get it done right and make sure I was 100% satisfied. I think that says a lot about you as a person and a contractor.

Thanks again and good luck in your future!

Sincerely,

Pete Camarda
