Re: House Painting done by Rob Cutteridge and Kyle Simmons

Rob Cutteridge and Kyle Simmons just finished painting our house on El Dorado Drive here in Medford, Or and my husband and I wanted to write and let you know how we felt about the job they did.

We are extremely pleased with the job Rob did as he more or less painted the house by himself until today when Kyle was here to help him with the trim work and gutters.

Rob was very reliable. He was here every day, when he said he would be and we could depend on him to put in a very full days work. Except for lunch, we didn't even see him take a break from in the morning when he arrived until he left in the afternoon.

Rob was very professional in that he didn't leave things laying around at the end of the day, he always cleaned up and put his equipment away.

Kyle joined Rob today to finish up, helping with painting the trim and gutters and once again, we were extremely pleased at how professional he went about doing his job.

Because of these two individuals we are really pleased with how our home looks. We have only live in this house a little over year and as we feel this will probably be our home for the rest of our lives, we are proud of the way it now looks.

Since we have been in this house, I have planted lots of flowers out in the front flower bed and I expected to maybe have a few trample plants. I am pleased to say I didn't loose one flower.

Please pass a copy of this letter on to both Rob and Kyle for their information and file and tell them again how pleased we are with the work they did. If they continue to be as dependable and professional in their future careers, they will be very successful.

Because of them we would definitely recommend "College Works" to others and if we ever need our house painted again we will contact "College Works".

Sincerely,

Nancy & George Halverson
