

College Works Painting reference Letter  
Maureen A. McCabe  
36 Willow Street  
Westwood, MA 02090

It is with great pleasure and complete satisfaction that I am writing this letter of commendation to you in regards to the team of painters I hired through your company, College Works. Joe Gugliotta, Will and Dave did an outstanding job on our 1938 colonial home in Westwood, Ma. These very competent and professional men treated our home with great care and determination to assure that our home was completed to our outmost satisfaction. I can not begin to express to you our gratefulness in your company's ability to hire such hard working and courteous individuals. Joe's professionalism and attention to detail, along with his constant communication with my family guaranteed us that the job would be magnificent. Will, Dave and Joe worked long hours at our home without compromising my family's daily routine. It is with my highest regards to these three men for making our experience with College Works extremely satisfying and grateful. Please feel free to contact me for references. My family and I really can not say enough about the fabulous experience we had with Joe, Will and Dave.
