I wish to congratulate you for the College Works Painting program which provides college students with the opportunity to experience a "true-to-life" work situation. This program is not only beneficial to the college student but also to those of us who have taken advantage of your program to have a professional job performed without the burden of high prices, especially, for "seniors" like my sister and me.

To whom it may concern:

I wish to congratulate you for the College Works Painting program which provides college students with the opportunity to experience a "true-to-life" work situation. This program is not only beneficial to the college student but also to those of us who have taken advantage of your program to have a professional job performed without the burden of high prices, especially, for "seniors" like my sister and me.

Ervin Ling approached my sister and me with a professional sale "pitch" explaining the entire program to us. When we appeared interested; he immediately followed-up with an appointment to meet with us and to provide us with an estimate of time and dollars.

Taking into consideration our time constraints, he and his team, Kyle, Dave, Doug, and Mike, were able to begin the painting project and it has proceeded on schedule even considering the numerous rain delays we experienced.

The project will be completed today, and I must admit, our home never looked so good. We are very pleased with the professional attitude these students assumed in performing this project.

We have recommended your program to several individuals who are interested in having their homes repainted.

Thanks you for a "great job done" which was managed by Ervin Ling and ably assisted by Kyle, Dave, Doug and Mike.

Sincerely yours,

Gertrude and Arlean Jensen
