Painting was recently completed on my home by College Works Painting under the supervision of Branch Operator Eric Mortenson. I was gratified with the way the work was completed, not only with respect to the work itself but also with the manner in which the preparatory tasks were completed and the post-completion cleanup was accomplished.

Mr. McMurray,

Painting was recently completed on my home by College Works Painting under the supervision of Branch Operator Eric Mortenson. I was gratified with the way the work was completed, not only with respect to the work itself but also with the manner in which the preparatory tasks were completed and the post-completion cleanup was accomplished.

Mr. Mortenson's attention to detail and his seeking assurance that I was satisfied with particulars is appreciated. The care with which Mr, Jesse Plautz and Eric Coburn were personally observed to attend to details with care is also appreciated.

I commend their performance and do not hesitate to recommend each of them.

David M. Pierce
