To Whom It May Concern:

I am very pleased with the work that Matt Burke and his crew from College-Works Painting did on my house this past week and would recommend them to others in the future.

Matt was professional from the time he came to give an estimate to the completion of the job. Any questions or concerns we had with the job in any stage were answered or rectified. Matt dealt with slight changes in the work- week due to a death in our immediate family. This action alone was greatly appreciated.

Matt Burke and his crew were an exemplary team.
