College Works Painting
To Whom it May Concern:

The team of Will Wissing, Al and Greg have just completed painting our home in Newton and we are very pleased with their performance and the whole job.

Will stopped by each morning and afternoon to oversee the work and direct Al and Greg, checking in with us to be sure everything was going well. Al and Greg were very hard-working (they never seemed to stop) and also very courteous in their dealings with us. The work itself is as good as that of long-time, professional painters we have had work for us in the past; they were thorough, neat and did not cut corners.

We would highly recommend this team and we are happy with the College Works experience in general. Please call us directly if you should have any questions about their work.

Sincerely,

Peter and Joan Rosser
