College Works Painting

College Works Painting painted our house this summer—June 2004.
We live in Woodbury, Connecticut. Our house is located in a historic district.
It is a Colonial style home, build in 1850.

Our house had not been painted in some time, and required a good deal of preparation before painting could begin. Henry Siemon and his crew (Dan, Will, Mike, Dave) did a fine job for us at a very reasonable price. Several of our neighbors have already asked Henry for estimates. Henry is personable, professional, and honest. I enthusiastically recommend him and his hard working crew.
