We had three fine men painting our house. Matt Banton, boss and Jerome Milliron & Jesse Pratt crew. What hard workers they were, very polite and made sure the work was done right.

To Whom It May Concern:

We had three fine men painting our house. Matt Banton, boss and Jerome Milliron & Jesse Pratt crew. What hard workers they were, very polite and made sure the work was done right.

Even though we weren't able to do the final walkaround we were confident of how they did their work yesterday (and checked it out then) that the work was being done right and Matt was keeping them on their toes(don't think they needed that as they were excellent workers).

Would we recommend or use them again? Definitely!!.

Sincerely,

Marvin L. Mix
