To Whom It May Concern:

We recently had our home repainted by College Works Painting. From beginning to end to the entire process it was a pleasure to deal with all those who were involved with the job.

From our first meeting with the project engineer. Matt Bauman, it was a nice experience. Matt carefully explained just what was to be done, and how it was to be accomplished. Costs, expectations on both sides were carefully explained and we never felt rushed. He carefully took all the time necessary to answer our questions.

The painters did their work in an efficient and professional manner and were very courteous in all our contacts with them. They worked diligently and provided us with a thoroughly professional paint job.

It was a pleasant experience for us and we would be pleased to have them work for us again in the future and we would recommend them highly to others.

Sincerely yours,
