To Whom It May Concern,

This letter of recommendation and endorsement regards the house painting job recently completed by College Works representatives on our residence. The job was done thoroughly, competently, to our specifications, and to our satisfaction. The College Works students who did this work were unfailingly professional, courteous, and pleasant in all of their dealings with me and my family. They also left the job site neat and orderly every evening during the job, and completed the job as quickly as weather allowed. Finally, this project was competitively and reasonably priced. In conclusion, I recommend College Works to anyone considering having their house painted.

Sincerely,

Ben Edwards
