We recommend without reservation College Works Painting, especially the crew of Joseph Woolstenhulme, foreman, Krista Brown and Matt Fjelstrom with whom we have had personal experience.

To whom it may concern:

We recommend without reservation College Works Painting, especially the crew of Joseph Woolstenhulme, foreman, Krista Brown and Matt Fjelstrom with whom we have had personal experience.

College Works Painting contracted with us to paint various exterior surfaces of our home, including glass-paneled doors and a double garage door.

The crew began the work early on the contracted date, June 6. We were impressed with the power washing of the surfaces to be painted. Items not to be painted were carefully masked with tape and paper. Two coats of paint were applied skillfully and professionally. The crew worked late into the evening. Their clean-up was thorough and complete. Joseph returned early the next day to make sure the job stood the test of daylight inspection.

If we need such painting in the future, we shall employ this crew. We'll give the same recommendation to our friends.

Again, we recommend without reservation College Works Painting, Especially the crew of Joseph Woolstenhulme, Krista Brown and Matt Fjelstrom.

Sincerely,

Betty Jo C. Reiser
