Attn: William Ferst

Dear Bill:

This is a letter of recommendation for your services received from 5/21/04-6/2/04.

Bill established himself as a strong project manager and worked with his staff to complete my satisfaction. He accepted recommendations and minor criticisms early in the process, and completely rectified any short falls without any re-occurrences. He and his staff were prompt and courteous at all times. They completed the contracted work to my satisfaction and I would recommend Bill and the College Works staff to any that are considering a painting project. They worked as professionals and the end result is very satisfying. Now Bill can move to the next job site, and I can look forward to a painting free summer. Thanks again Bill.

Sincerely,

Christopher Fenton
