The College Works Painting team of Will Bence, Peter Nocchiero, and Hank Hays last week painted the exterior of our three-story, 1939 brick house. The project included all the trim, windows, storm windows, screens, door, gutters, and downspouts. Lots of detail work.

To whom it may concern:

The College Works Painting team of Will Bence, Peter Nocchiero, and Hank Hays last week painted the exterior of our three-story, 1939 brick house. The project included all the trim, windows, storm windows, screens, door, gutters, and downspouts. Lots of detail work.

Results were excellent. Obviously the young men were committed to doing a thorough job and pleasing us. I also appreciate their flexible approach when dealing with tasks requiring judgment. For example, we established a practical criterion for glazing the windows that restored them nicely.

They have my endorsement. I am happy to discuss their work with anyone who might be interested in hiring them
