Dear College Works,

My house looks spectacular thanks to the efficient and professional work of Laci Ramsey and her painters Aaron Montgomery and Colton Hines. A colleague recommended College Works to me at the beginning of summer and brought me a flyer. I called Ms. Ramsey and was impressed with her speedy reply, professional attitude and excellent organizational skills. She was very helpful in addressing all my questions and concerns. I felt Laci was accessible and accommodating throughout the process.

Aaron and Colton were prompt, polite and very hardworking. They took great care to prep my home for painting and even cut weeds near the house. In the evening they cleaned up paint chips, and moved materials near my garage. I was delighted with their neat and orderly work. I could hear them constantly working during the entire two days they were painting my house.

My home looks like new with its brilliant white paint. I am so glad that Laci Ramsey and her painters did such a wonderful job. I could not be happier with the overall results, and feel it was worth every penny.

Sincerely,

Eugenea Campbell
