I had the crew of College Works painters under the leadership of Felix Leal paint my home. The first time I met Felix he was professional, knowledgeable and courteous.

I had the crew of College Works painters under the leadership of Felix Leal paint my home. The first time I met Felix he was professional, knowledgeable and courteous. I was impressed with his attention to detail, and was satisfied with his ability to follow through and deliver as the project progressed.

Felix continued to follow up, called when he said he would call and was always punctual, always checking in with me to make sure things were completed to my satisfaction.

It was obvious that Felix worked well with others, coordinating and delegating responsibilities with his crew.

The job was done thoroughly, within the projected time; I would recommend their services.

Sincerely,

Ruth Guarini
