RE: Recommendation for CollegeWorks Painters

This summer I had my house painted by College Works Painting. Evan Wood was the Branch Manager that handled my job.

Evan proved to be a very conscientious and professional person to work with on all accounts. He "set the tone" for our experience with everything from spending time to explain the painting process to follow-up phone calls to be sure all of our questions were answered completely! Also, the crew working on our house showed the same care and concern for our questions.

The job was done in a timely manner, with all of the clean-up done daily and completely. We are very happy with the colors and the final appearance of our house. This is a job well done and I'm sure it will last just as Evan explained it would. I am glad to recommend College Works and particularly Evan Wood for anyone that wants their house painted.
