College Works Painting power- washed the outside of our house and painted under the eaves, and we were very happy with the job they did. They came when they said they would, and the job is neat with absolute minimal damage to the planting around the house.

To Whom It May Concern:

College Works Painting power- washed the outside of our house and painted under the eaves, and we were very happy with the job they did. They came when they said they would, and the job is neat with absolute minimal damage to the planting around the house. The job was done on time, and everything was cleaned up afterwards. They were all very polite and conscientious workers, and we would use them again.
