

College Works Painting Reference Letter
Larry W. Ritter, TSgt, USAF
952 Ruby Dr,
Vacaville, CA 95687

I would recommend the CollegeWorks for any painting needs. They are professional and efficient, finishing my requirement in just two days from start to complete clean up.

From the Desk of: Larry W. Ritter, TSgt, USAF

30 June 2006

To whom it may concern:

I would recommend the CollegeWorks for any painting needs. They are professional and efficient, finishing my requirement in just two days from start to complete clean up. The workmanship was excellent and even my very meticulous wife was happy for a few moments after inspecting their work.

During their time at my home workers were polite and friendly, even with my younger children asking questions and my wife making suggestions, they were cooperative and attentive. The atmosphere of the working area was stress free.

Paul was himself present through most of the process. He answered all questions and was available anytime I needed an answer on something I found him honest and forthright in all aspects of this contract and in the final inspection made sure everything was "wife" perfect! A feat I have trouble doing myself at times.

Overall I would say when I need further paint needs for my house I will be calling Paul And his crew back out to do them.

If you have any question I can help you with feel free to cell me at 707-365-5912 between 1600-2200 week days and anytime on the weekends and I would be glad to discuss my experience with these professionals.
