I have just had my deck stained by College Work Painting. They were thorough in reviewing with me what they were planning to do, they came when they said they would and did a very nice job.

I have just had my deck stained by College Work Painting. They were thorough in reviewing with me what they were planning to do, they came when they said they would and did a very nice job. Katherine Croll did the staining of my deck; her sister Chris Croll was in charge of the job, did the estimate and scheduled the appointment. I am satisfied with the work I had done.
