To whom it may concern,

We are writing to compliment the staff members of College Works Painting that recently finished painting our home. The members of the staff Robert Kyne and Michael Sheriff managed by Ryan McNeil are to be commended on their professional work. The staff was always on the job site as planned, working diligently regardless of whether we were at home or not. They maintained a very steady pace completing the job on time without interruption to our schedules. This staff was willing to put in extra hours if needed to complete a certain stage of the process. The staff was responsive to our concerns and questions, willing to satisfy our requests.

Our home is an older style cottage requiring fairly detailed prep work. The staff with Ryan's direction was persistent; attending to work that needed patient care. We would like to thank this staff for their continuous hard work and adherence to high standards. The resulting change in the appearance of our home is a reminder of their efforts. As well as enjoying the improved look it is a comfort to know our home is better protected. Thank you again Ryan, Mike, Bob and College Works Painting.

Sincerely,

Mr. & Mrs. Harold Burr
