We would like to thank you, Josh, and Joel for all your hard work painting our house. The materials were promptly picked up and stored neatly after each workday.

May 26, 2005

Dear Shawn,

We would like to thank you, Josh, and Joel for all your hard work painting our house. The materials were promptly picked up and stored neatly after each workday. The daily walk-through kept us informed as to the process and next steps. Thank you for your patience in choosing and re-choosing the paint color(s). I think the final result on your organization offered yard clean-up, fence installation, and landscaping . . .

Thanks again,

Sincerely,

Kari Raflik

Dear Shawn,

We would like to thank you, Josh, and Joel for all your hard work painting our house. The materials were promptly picked up and stored neatly after each workday. The daily walk-through kept us informed as to the process and next steps. Thank you for your patience in choosing and re-choosing the paint color(s). I think the final result on our old house has really spruced it up, finally giving it some curb appeal. Now only if your organization offered yard clean-up, fence installation, and landscaping . . .

Thanks again,

Sincerely,

Kari Raflik
